

<p align="center">Carpooling pick-up order finder History changes of code</p>
--

Member	Date	Done	Doing	To do
Yhoan and Sebastián	5/03/2019	Method to read file	algorithm to search the furthest nodes	order finder method
Yhoan and Sebastián	4/04/2019	algorithm to search the furthest nodes	order finder mehotd	write file method
Yhoan and Sebastián	6/04/2019	pre order finder method	write file method	finish the order finder method
Yhoan and Sebastián	15/04/2019	wrtite file method	improve order finder method	finish the order finder method
Yhoan and Sebastián	20/04/2019	wrtite file method	improve order finder method	finish the order finder method
Yhoan and Sebastián	25/04/2019	order finder method	searching for ways to graph the data	get times and memory usage
Yhoan and Sebastián	30/04/2019	get times and memory usage	searching for ways to graph the data	get complexity
Yhoan and Sebastián	5/05/2019	get complexity	searching for ways to graph the data	visualization
Yhoan and Sebastián	12/05/2019	visualization	searching for libraries to do an interface	interface
Yhoan and Sebastián	14/05/2019	conclusions	searching for libraries to do an interface	interface
Yhoan and Sebastián	14/05/2019	interface		upload code and report

History changes of code		
Version	Code	Status
1.0	Read graph	Done
1.0	Order Finde	Doing
2.0	Order Finde	Doing
3.0	Order Finde	Done
1.0	Write file	Done
1.0	getTargetDis	Done
